Pizza and Wings at Beaver Lake Nature Center

On Friday, May 16 at 6:00 p.m., Beaver Lake Nature Center is offering visitors the opportunity to satisfy their hunger to learn more about Central New York bird life as well as their hunger for pizza and good company. A brief discussion of binocular selection and field guide usage will precede a hike to see and listen to the birds during this busy migratory time. When the birds are ready for bed, the group will return to the nature center for pizza. There is a \$5 price for this program and advance registration is required. The Nature Center has a limited number of binoculars available for loan. For more information please call 638-2519. Beaver Lake Nature Center is an Onondaga County Park located 4 miles west of Baldwinsville off Route 370.
